LINCOLN DIED FIFTY YEARS AGO

Flags Are at Half-Mast Today in Memory of Emancipator, Who Was Shot April 14, 1865.

EXPIRED DAY FOLLOWING

Postmaster Receives no Orders to Close Postoffice—Hooser Eye-witness to Tragedy.

Fifty years ago today President Lincoln died in an obscure house in Washington, across the street from Ford's theater, from the effects of a revolver bullet wound in his head, suffered while attending the play, "Our American Cousin," a little after ten o'clock on the night of April 14, 1865.

President Wilson has asked that the anniversary of his death be recognized and observed in all parts of the United States. Flags were prominently displayed here today. The Stars and Stripes were at half-mast on the court house. The president, in his executive order, requested that the flag be displayed at half-mast on all federal buildings and at all forts and military posts, and on all vessels of the United States, and in addition that the executive offices of the United States be closed.

Newspaper dispatches from Washington said that holiday hours would be observed as far as practicable in the postoffices of the United States today, in memory of the emancipator's death. It was stated that Postmaster General Burlison had ordered that all postoffices close at least a part of the day.

Postmaster G. P. Hunt this morning said that he had not received any orders from Washington to close the postoffice either all or a part of the day.

George Young today recalled the time when Lincoln's body lay in state in Indianapolis while it was being taken from Washington to Springfield, Illinois for burial. Mr. Young and a number of other Rushville people went to Indianapolis to see all that was mortal of the emancipator. Mr. Young at that time was eighteen years of age.

He says the crowd formed in line over a mile long and the people were hurried past the bier so fast that Mr. Young got nothing more than a glimpse of the president. He went back to the end of the line and patiently waited to get another view of the corpse. He distinctly recalls the mark on Lincoln's forehead when the bullet came out, after passing through his brain.

Mr. Young says that while he was in line some on in the crowd yelled: "Hurrah for Jeff Davis," and the crowd straightway put a rope around that individual's neck and hung him on the streets of Indianapolis. Mr. Young's oldest brother was in Ford's theater the night Lincoln was shot.

The incidents surrounding the fatal shooting of Lincoln are well remembered by persons who were living at that time. Just before the close of the play in Washington, on the evening of April 14, 1865, a little past ten o'clock, John Wilkes Booth, an actor, entered the president's box, closed and fastened the door behind him, and, with a pistol in one hand and a dagger in the other, he rested the former on the back of the chair occupied by the president and shot him. The ball entered behind his ear, passing through his brain, and lodged near one of his eyes. The president lingered until the following day (fifty years ago today), passing away in the presence of distinguished men of Wash-

RELEASED ON \$500 BOND

Herbert Hall of Milroy Will be Tried in Circuit Court.

Herbert Hall, of Milroy, who was arrested yesterday on the charge of issuing a fraudulent check to the firm of Meek and Spillman, was released under bond in the sum of \$500. William E. Foster went on the bond. Hall is alleged to have given a check to Meek and Spillman for \$3 without first having the necessary funds in the bank. He was arrested by Sheriff Cavitt and brought here yesterday afternoon. The case has not been set for trial.

RAYMOND PERKINS DIES EARLY TODAY

Young Man Who Has Been Ill for Some Time With Tuberculosis of Bowels Expires at 19 Years

FUNERAL WILL BE SATURDAY

Raymond Perkins, 19 years old, son of Mr. and Mrs. Walter Perkins died this morning at four o'clock at their home, 221 North Hannah street. He had been ill for a long time suffering from tuberculosis of the bowels and his death had been expected. He was a well known young man and his death comes as a shock to a large circle of friends. For the past several years he was employed in the offices of the Indianapolis and Cincinnati Traction company here.

He is survived by his parents, and two brothers, Harold and Lamorne. The funeral services will be conducted Saturday afternoon at two o'clock at the residence by the Rev. D. Ira Lambert. Burial will take place in East Hill cemetery.

CLUB WOMEN ASKED TO OBSERVE DAY

Federated Clubs of County Issue Statement Concerning Peace Day to be Celebrated May 18

DISTRICT CONVENTION NEAR

Calling attention to Peace day May 18 and the approaching convention of the Sixth District Federation of Women's Clubs today issued the following statement headed "Official Club News":

"May 18 is Peace day and the Federated Club Women of Indiana are asked to observe this day. Miss Vida Newsom, president of the State Federation, urges the observance of Peace day and emphasizes the duty of clubs toward the endowment fund, and calls attention to the council of the General Federation to be held in Portland, Oregon, May 31, June 3.

"Let us bear in mind, Federated Clubs of Rush county, the time for the district convention is drawing near. May 20 and 21 are the dates, and let us be ready with a rousing welcome for the clubs of our district.

"The aim this year is one hundred new clubs in the State Federation. Let us not forget to do our part in bringing all the unfederated clubs in our city and county into the federation."

The Rush County flour mill has purchased a new motor truck and is using it for delivering.

SUPPLEMENTS A FORMER ARTICLE

A. A. Miller of Indianapolis Write That James E. Watson Should be Republican Candidate.

ADDS TO WHAT A. O. MAIN SAID

Declares Party Which Mr. Watson Represents Has Done More For Laboring Man Than Any Other.

Since discussing Socialism before the Indiana Board of Trade recently James E. Watson of this city has been criticized by some Indianapolis Socialists, in articles contributed to Indianapolis newspapers, but many of Mr. Watson's friends have replied to his critics by the same means.

The other day a long article by A. O. Main of Indianapolis, defending Mr. Watson's attitude toward Socialism, appeared in the Indianapolis Star, and today A. A. Miller, giving his address as Indianapolis, supplements Mr. Main's remarks in a contribution to The Star.

He pays tribute to the Rushville man as an orator and adds that the Republican party would do well to make him its standard bearer "to lead us to a sweeping victory in 1916." His article follows:

I have read with much interest an article in Tuesday's Star by A. O. Main and want to add a word or two to what he has written.

He speaks of a certain man saying: "It was an easy matter for Mr. Watson to speak against Socialism to an assemblage such as he had before him" at the Board of Trade.

I want to add that it is an easy matter for the Hon. James E. Watson to speak to any kind of an assemblage on any topic, at any time, at any place, whether they be millionaires or day laborers (with or without employment) if called upon at a moment's notice, and he "will get away with it."

The party which Mr. Watson represents has done more for the workingman than any other political party, and we will do well if we name him as our candidate to lead us to a sweeping victory in 1916.

DISCUSSION FRIDAY NIGHT

Sixth District High School League Will Meet Here.

The general public is invited to attend the annual contest of the High School Sixth District Discussion League at the Graham school building tomorrow night at seven-thirty o'clock. The high schools of Newcastle, Richmond and Charlottesville will be the only ones represented. Rushville had a representative last year, when Richmond won. The contest was held here last year also. The theme tomorrow night will be, "The Improvement of County Government." An admission fee of ten cents will be charged to pay local expenses.

NOT ARRAIGNED TODAY.

(By United Press.) Muncie, Ind., April 15.—Mayor Rollin H. Bunch and other officials who were indicted by the Delaware county grand jury, charged with malfeasance in office and other crimes, were not arraigned owing to the illness of an attorney for the defendants. They probably will be arraigned Monday.

MASONIC WORK.

Phoenix Lodge, No. 62 F. & A. M. will have work in the E. A. degree Friday night beginning at 7:30. A good attendance is desired.

SCHOOL CENSUS IS BEING TAKEN

Enumerators Begin in Rush County School Corporation and Must Finish by April 30.

BASIS FOR APPORTIONMENT

Important That All Persons Between Six and Twenty-one Years be Listed—Tuition Fund.

The task of enumerating all children of school age in Rush county has been started and must be completed under the law, by the thirtieth of April. The enumeration is taken separately in each township and school corporation and the results are filed with the county superintendent of schools, who compiles the report and forwards it to the state superintendent of public instruction.

The township trustees are responsible for the enumeration in their townships and in the school corporations, it is the duty of the school board. In some instances the township trustees do the work and receive the two dollars a day extra for the work.

Dr. J. B. Kinsinger, a member of the Rushville school board, has the enumeration in charge in Rushville. He has employed Mrs. W. O. Headlee who will try to complete the work in the required time. If she finds this impossible, an assistant will be employed.

In taking this census not only children who are in school are enumerated but all persons between the ages of six and twenty-one years are listed.

It is very important that the enumeration be as complete as possible for upon it is based the amount of money that will be received from the state school fund for the various corporations. The distribution is made according to the number of persons of school age and the receipts are placed in the tuition fund. This fund is used to pay teachers' salaries. In each school corporation there are at least two funds, the tuition fund and the general fund. The latter is raised by taxation and is used for all incidental expenses in maintaining the schools. However, part of the teachers' salaries may be taken from the general fund when the tuition fund is not sufficient.

The money that is raised for the tuition fund is not a burden upon the taxpayers as it comes from a special state fund. The interest from the fund is apportioned annually to the various school corporations according to the enumeration. It is important, therefore, that every person of school age be enumerated for the larger the enumeration the greater will be the sum received from the state.

The residents are reminded by the school authorities that the enumeration includes all persons between the age of six and twenty-one years regardless of whether or not they are in school at this time. Residents are asked to assist the enumerators in whatever way they can so the census may be complete.

Last year the enumeration showed a substantial gain over the year previous and as a result, Rushville received a larger amount of money to be used for school purposes. It is hoped that another gain will be shown this year.

Rushville and Carthage are separate school corporation, each enumeration will be kept separate so the funds can be distributed accordingly. Each township is also a separate corporation under the school law. The school boards and township trustees are required to file the names of the enumerators with the county superintendent.

ANNOUNCES HE RESIGNED

Dennis Shea Will Also Withdraw Request For Writ of Error.

(By United Press.) Indianapolis, Ind., April 15.—Attorney Percy Williams for Dennis Shea, sheriff of Vigo county today announced that Shea had formally resigned. He said that Shea would appear in federal court today or tomorrow and ask that his name be withdrawn from the list of those applying for a writ of error and that he be sent to Leavenworth and to serve his term of five years for conspiring to corrupt the election in Terre Haute. He also was fined \$1,000.

ROBBERS ESCAPE WITH 10 LOADS SILK

Daring hold-up in True Western Style is Pulled Off Near Sanborn, N. Y. Today

THIS TIME IT IS A FREIGHT

(By United Press.) Buffalo, N. Y., April 15.—Twenty masked robbers early today held up in true western style a New York Central fast freight train near Sanborn, Niagara county, and escaped with ten auto truck loads of valuable silks. The train was from Boston, bound for Chicago, via the Michigan Central at Niagara Falls.

The daring of Engineer Morris Goss in cutting out his engine under fire and running into Suspension Bridge for help prevented more expensive robbery.

DUDLEY BRAMEL IS DEAD AT CARTHAGE

Well Known Resident Passes Away After an Illness of Two Years From Tuberculosis.

BURIAL TO BE IN EAST HILL

Dudley Bramel, 65 years old, a well known resident of Carthage, died this morning at seven o'clock at his home there following an illness of two years from tuberculosis. Mr. Bramel had been in a critical condition for some time and his death was not unexpected. He had resided in Carthage for a number of years and was well known throughout the northern part of the county.

Mr. Bramel is survived by his widow and several children. The funeral services will be conducted Saturday morning at ten o'clock at the late residence by the Rev. M. Sterret. Burial will take place in East Hill cemetery.

ALSO TRIED TO SINK TUG

Zeppelin Airship Which Bombarded 11 Towns Made a Failure.

Newcastle, Eng., April 15.—The Zeppelin airship that bombarded eleven towns near here last night tried to sink the tug Jupiter, according to its captain. The tug put in at Blythe. The captain said the airships made for the tug and that while its crew was trying to put over its side a large bag, the tug turned and fled. The airship finally gave up the chase.

COURT REFUSES TO REDUCE BONDS

Judge Kohlsaat Denies Petition of Convicted Terre Haute Election Conspirators Today.

SAID BONDS ARE PROHIBITIVE

Declaring Crimes to be "Most Heinous," Court Does Not Think They Are Too Large.

(By United Press.) Chicago, April 15.—Judge C. C. Kohlsaat in United States circuit court of appeals here today refused to grant the petition of convicted Terre Haute election conspirators for the reduction of the bond under which they are held in the Marion in the Marion county jail on the orders of Judge A. B. Anderson.

The petition was presented by F. S. Roby and former United States Senator A. J. Hopkins. They argued that the cumulative amount which some of the convicted men must furnish as bond in exchange for liberty pending the hearing on a writ of error was prohibitive. Judge Anderson had fixed bonds at \$10,000 for each year the defendants were sentenced, as was the case in the dynamiters' trial. In the case of Mayor Donn Roberts the amount of bond would total more than \$70,000, including the amount to cover the costs of the case.

Judge Kohlsaat suggested that Roby go before Judge Anderson, explain that the bond was prohibitive and ask its reduction. He also declared he did not believe it right to ask bondsmen to stand liable for the payment of fines. Judge Anderson will be asked to revert himself on this ruling. Ex-senator Hopkins said.

Declaring the crimes for which the Terre Haute officials were convicted the "most heinous" in the category, Judge Kohlsaat said he did not think the \$10,000 per year too large.

Answering the statement of Judge Roby that Roberts and other defendants were reputable citizens, District Attorney Dailey said they "were not respectable but wholly disreputable." Dailey told Judge Kohlsaat if he granted the petition "over Judge Anderson's head" it would be insult to the inferior court.

The members of the Wi-Hub club were entertained last night by Dr. and Mrs. C. H. Parsons.

The New Colors For Spring

The new colors for Spring are unusually interesting because they reflect to a certain degree American development.

Hitherto color ideas usually came from Paris and the dye stuffs from Germany.

While neither the import of color cards or dyes has been shut off—the output has been limited.

In some instances America has actually originated her own shades and made the dyes.

Thoughtful business men will see conspicuous development in this.

The Spring styles will be of more than passing interest.

The news of style headquarters is flashed from day to day in the advertising columns of The Daily Republican.

Not to read the advertising is to miss one of the features of the paper.

COPPER STRIKE PROBED.

Chicago, April 15.—Michigan's labor war in the copper mine district was recounted today to the Industrial Relations Commission. Union leaders and operators of the copper mines today told of the causes, violence and results of the strike, at the closing session of an eight-day hearing held by the Commission. It has investigated labor conditions of the stock yards, the Pullman, Illinois Central and Harriman strikes and the telegraphers' disputes.

Candidate for Senate

The Daily Republican is in receipt of a letter from an organization styling itself the "Olds Senatorial Committee" through its chairman, Henry G. Hogan, announcing that Judge Walter Olds of Fort Wayne is a candidate for the Republican nomination for the United States senate from Indiana. Enclosed with the announcement are several editorial clippings consisting of comments by the press of northern Indiana. The Olds boosters comment on the fact that his candidacy has been well received everywhere and that the Democratic press has spoken kindly of him. Typical of these comments is the following from the Fort Wayne Sentinel:

Voters of the Twelfth district, irrespective of party, will note with uncommon interest the announcement that Judge Walter Olds of Fort Wayne, will seek the republican nomination for United States Senator from Indiana next year. And the Republicans of Indiana will do well to give the candidacy of Judge Olds a serious consideration. He is a lawyer of exceptional attainments, a jurist of wide experience, a former judge of the Indiana supreme court, a veteran soldier and a gentleman of unquestioned high standing. He has always been "regular" as a party man and enjoys in politics the same full measure of confidence that he commands as a citizen. Doubtless there will be a considerable number of other aspirants for the honor, but Judge Olds will be found the peer of any of them. It is significant too, that the younger element of his party locally is enthusiastically behind the candidacy of Judge Olds.

What Our Neighbors Are Talking About

Changing Out Diet.
(Muncie Press.)

The country is saved. For a time there was some doubt about it but the aged and good Saturday Evening Post has finally come forth with the information on which rests the future stability of the nation.

The good Post, which was one of the magazines, high browed in intellect but cheap in price, which promised for its readers a golden age when the iniquitous high protective tariff was done away with. Living was to become cheaper for the laboring man without lowering his income and everyone was to be so happy that the miscreant who dared to suggest a return to protective tariff would be hanged higher than the Post's advertising rates.

Well things didn't turn out just as the Post anticipated but the good old periodical is still on hand with sound advice for the public coming nearly bound in weekly installments.

In a recent issue the Post tells us editorially that apparently the only way you can change a man's or a nation's dietary habits is to break him of it, and that a change of diet is becoming necessary for the United States. The inference, is, of course, that both the nation and the individual are now broke, and this time the Post has come dangerously near the truth.

After commenting on the high price of flour the Post assures us that of course there will be no shortage of food in the United States. That is some kinds of food. Ger-

many, which is on war rations, is held up as an example to follow. By blending wheat flour and corn flour the Post tells us, we can get a fine article of food and potato flour is not so bad, as the Germans have proved. Wheat flour and beefsteak, we are told, are among the best of foods, but substitutes may be easily found if these get too high.

Surely there are cheap substitutes. Perhaps in the future the good editor will give us in the Post or its sister publication, the Ladies' Home Journal, some recipes for—say: Birth bark bouillon, crawfish salad, acorn patties, French fried sawdust, scrambled limestone, phycolology on the half shell, pebbles on toast, ragweed relish, pokeberry juice a la Bryan, and creamed catnip Underwood style. A good practical method for taking the strong taste out of Indiana turnip, or of extracting the milk from milkweed might also be quite apropos.

These little hints are submitted quite sincerely for the following reasons:

In the present condition of the average American worker, when as the Post practically admits, both the man and the nation are broke, it would be just as difficult to buy corn meal and potato flour without cash as to purchase the very best Duluth double bolted, white as snow brand of pure wheat flour.

The French have a proverb which asserts that to the pure all things are pure. Just so, to the man who is broke all things of value are out of reach. If potato flour were selling at a penny a pound, the man who is out of money couldn't buy enough to powder his nose.

What we need at present is not the suggestion that palatable cake can be made of corn cobs, but an industrial revival which will give every man in the country a fair chance to earn enough real wheat bread and beefsteak to feed his family.

HOOSIER HISTORY

(Prepared by the United Press by Records in the State Library.)

With the United States and Mexico under strained relations the story of what Indiana's part was in the Mexican war is timely. The state responded readily to Governor Whitcomb's call for volunteers, which was issued May 22, 1846. Three regiments were asked for. In 1846 Indiana's population was scattered. It was approximately 800,000. Indianapolis had only 6,500 inhabitants. The ideals of the people were peace. They were building a commonwealth. Forests were to be cut down, roads were to be built. Nevertheless, the regiments were raised in a few weeks.

During the civil war Indiana soldiers did real fighting. In all, 151 regiments were enlisted, making a total of 208,367 soldiers in infantry cavalry and artillery. These different commands saw service in nearly every department in Virginia on the South Atlantic coast, at Mobile, in Texas, Louisiana, Arkansas, at Shiloh, Vicksburg, Chattanooga, Atlanta, the March to the Sea and wherever orders called for men. The private soldiers were the men who did the work and fought the battles. They are not forgotten.

at Cincinnati.

TEAM ROUNDING INTO FORM

The Rushville team will get in action again Sunday this time playing the All-Pros at Cincinnati. The All-Pros have one of the fastest teams in Cincinnati and Rushville will face a hard game. With this contest out of the way the Rushville bunch should be in good shape for the big opening game here on April 25, with the Perkins-Campbell team.

Several local fans being unable to wait for the opening game will go to Cincinnati Sunday to see the team in action and get a line on the players. Manager Davidson will use Vordenburg in the box Sunday and believes he will beat the All-Pros. The All-Pros are playing this year at the old Hippodrome park and are headed by Jack Benny, known as the Hughie Jennings of the semi-pros.

AN OLD RECIPE TO DARKEN HAIR

Common garden Sage and Sulphur makes streaked, faded or gray hair dark and glossy at once.

Almost everyone knows that Sage Tea and Sulphur, properly compounded, brings back the natural color and lustre to the hair when faded, streaked or gray; also ends dandruff, itching scalp and stops falling hair. Years ago the only way to get this mixture was to make it at home, which is messy and troublesome.

Nowadays we simply ask at any drug store for "Wyeth's Sage and Sulphur Compound." You will get a large bottle for about 50 cents. Everybody uses this old, famous recipe, because no one can possibly tell that you darkened your hair, as it does it so naturally and evenly. You dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time; by morning the gray hair disappears, and after another application or two, your hair becomes beautifully dark, thick and glossy and you look years younger.

FED RIVALRY AT KANSAS CITY

Long Distance Pool Room Recreation Ends in East With Opening of Havre De Grace Track

BY HAL SHERIDAN
(Written for United Press.)

New York, Apr. 15.—Another baseball league today made its 1915 bow for public favor. The American Association got under way today. On the heels of the National and American League debuts of yesterday.

Although harrassed by the Feds to some extent, the Association was regarded as much stronger than last year. The strongest Fed rivalry was at Kansas City, although the Kaw-feds lost money last year.

The Association's opening games today were: Louisville at Columbus, Indianapolis at Cleveland, Minneapolis at Milwaukee and St. Paul at Kansas City.

The Milwaukee brewers, 1914 champions, were again picked to be one, two and three this year. Mike Cantillon's Millers were also much strengthened.

The situation at Indianapolis was improved over last year, when the Fed team there won the pennant and then was transferred to Newark. The Louisville Colonels were generally picked as the runners-up in the opening race, with the Saints again picked to fight out the cellar championship with Kansas City or Cleveland.

Instead of long distance pool room recreation, eastern race fans will today get their first glimpse of paddock and betting ring when the northern spring racing season opens at the Havre De Grace track. An unusually stellar string of horses is entered for the big stakes, which are making the Havre De Grace track of Baltimore and Washington are more popular annually. Horsey folk particularly strong for the Havre De Grace course and excursion trains from both cities are generally crowded.

Hupmobile

CAR OF THE AMERICAN FAMILY

Ask the Hupmobile Dealer

Ask him why he continues to sell the Hupmobile year after year.

He will tell you: "Because the Hupmobile grows better year after year."

He is not afraid to meet any man to whom he has sold a Hupmobile.

His customers last year, are his customers this year.

And better than that—they are his friends, as well as his customers.

They go out of their way to help him make Hupmobile sales.

From twenty-five to fifty per cent of his new buyers, come, he will tell you, from the recommendations of old friends.

He does not hesitate to refer to them—they do not hesitate to endorse the Hupmobile.

Do you know of another car of which this is so widely, so enthusiastically, true?

Where the average man buys one car, the Hupmobile dealer buys scores, or even hundreds.

He pays his money for these cars, the same as you pay for yours.

He had to be sold on the Hupmobile before he would make this investment, the same as you have to be sold.

The Hupmobile dealer, naturally, is prejudiced in favor of the Hupmobile.

But isn't that very prejudice—that extreme enthusiasm—the strongest endorsement you could ask?

If he has held the friendship of his Hupmobile owners through all these years, he will hold your friendship, too.

What is true of Hupmobile dealers generally is true of us. Let us show you the 1915 Hupmobile.

MAY MEAN LAST OF WILD HORSE

War Promised to Mark Final Passing of the Broncho From the Western Ranges

THOUSANDS BEING SHIPPED

Several Million Dollars Have Been Spent and the Demand is Still Very Strong

(By United Press.)

Denver, Apr. 15.—The European war promises to mark the final passing of the wild horse of the range the disappearance of the bucking bronco so long associated with the West.

Even now there are practically no wild horses such as one roamed the ranges and with the inroads being made upon the horses of the West by the war, his half-civilized brother, the bronco, promises to disappear. Thousands of horses have been taken from Colorado, Wyoming and other western states. Not only have British and French buyers invaded this section, but representatives of the Italian government have combed the country for mounts. During the last few weeks an Italian buyer purchased several hundred horses and so great was his haste to get them to his home country that they were sent by Express from Denver to the East instead of by freight. There they were to be hurried abroad a steamer for Italy.

Several million dollars have been spent for these horses for war purposes. The greatest demand of course, is for stout, sound horses capable of work as cavalry mounts or for artillery. The entire country has been gone over two or three times by buyers for different countries and still the demand has not been filled.

This draining of the west of horses means that in the rehabilitation a better breed of horse will be produced. It is this that sounds the death knell of the broncho. The government has been working for years encouraging the breeding of better horses. Stallions and mares of standard breeds draft and general purpose horses have been placed throughout the West. Their progeny are already influencing the general trend for development of the horses in the sections in which the work of the government is being centered. As the demand for horses to replace those sold for war service increases it will be animals of better breeds which will take their places.

Another factor having a great influence, is the fencing of ranches—something which was unknown in years gone by. This ended the day of the wild horse and the bronco, although given to bucking and pitching, has gradually become tamer and more domesticated.

There was a time when it was not so very difficult to find a horse in the West which no human being could ride. That day has now gone by. The last great horse of this stripe was "Steamboat" which died only this year. It is claimed that no man ever rode Steamboat legitimately. The greatest riders of the entire West tried and failed all finally being thrown in some way or other.

When the British government was purchasing horses for use in the Boer war it was necessary to employ bronco busters, who spent weeks battling with the prospective mounts for British cavalymen, before they were conquered and sufficiently subdued to the saddle to satisfy the government agent. This year there is little evidence that the British or French are in danger of suffering casualties through encountering the American horses.

Constant association with man through the years between the Boer war and the present, instead of roaming over unfenced pains, has had its influence on the horse. The "never say die" fighting spirit of the old bronco in his struggle against the touch of leather and his intense hatred of man, because he was representative of enslavement to the saddle, has slowly flickered out. Breeding and association has brought about the inevitable. Within

a few years it will probably be hard for even a "wild west" show manager to find a western horse which will buck constantly and consistently, as though he meant it.

SUPERINTENDENT TO PAY

Teachers Not Allowed Remuneration For Holding Examinations.

A letter of much importance to every township trustee in the State has been issued by the State board of accounts and concerns the pay of teachers for holding examinations for graduation from the common schools. In the past some of the trustees have paid the teacher holding the examination the same per diem as she would receive for ordinary school work, but the Board of Accounts hold that such examination is the "county superintendents affair" and the arrangements for the compensation must be made by the superintendent. It is said that there is no special fund from which this money may be taken and it is probable that the expense will have to be borne by the superintendent himself.

IF BACKACHE OR KIDNEYS BOTHER

Eat less meat and take a glass of Salts to flush out Kidneys—
Drink plenty water.

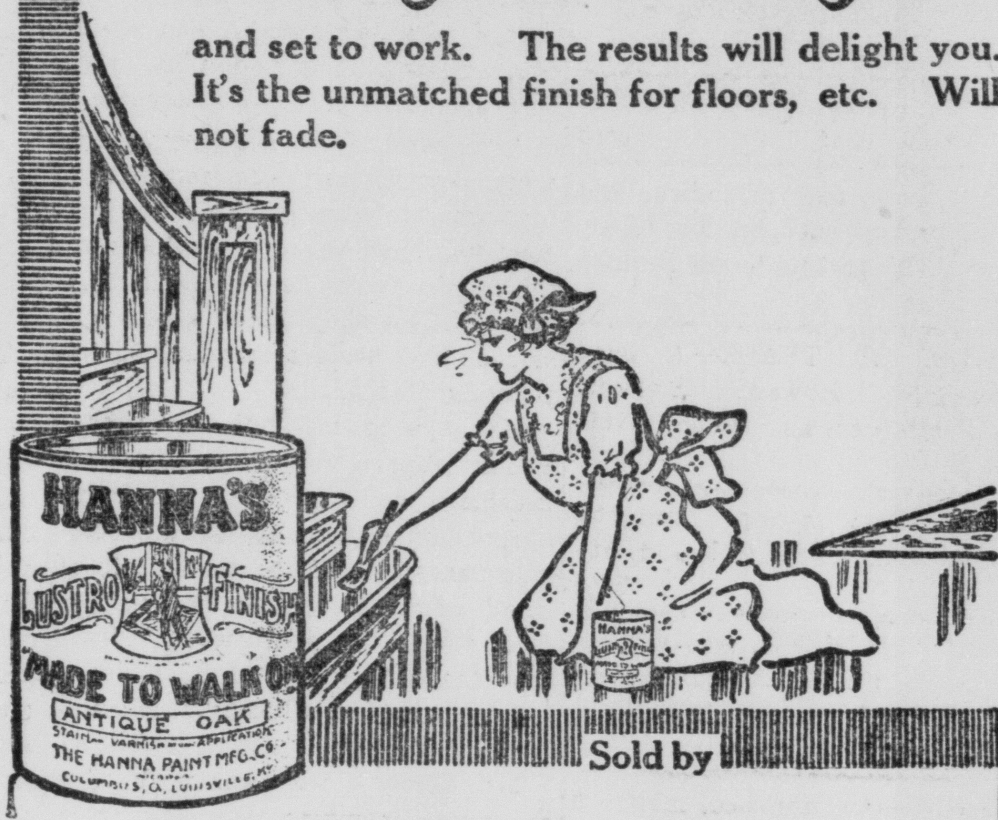

Uric acid in meat excites the kidneys, they become overworked; get sluggish, ache, and feel like lumps of lead. The urine becomes cloudy; the bladder is irritated, and you may be obliged to seek relief two or three times during the night. When the kidneys clog you must help them flush out the body's urinous waste or you'll be a real sick person shortly. At first you feel a dull misery in the kidney region, you suffer from backache, sick headache, dizziness, stomach gets sour, tongue coated and you feel rheumatic twinges when the weather is bad. Eat less meat, drink lots of water; also get from any pharmacist four ounces of Jad Salts; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salts is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to clean clogged kidneys and stimulate them to normal activity, also to neutralize the acids in urine, so it no longer is a source of irritation, thus ending bladder weakness.

Jad Salts is inexpensive, cannot injure; makes a delightful effervescent lithia-water drink which everyone should take now and then to keep the kidneys clean and active. Druggists here say they sell lots of Jad Salts to folks who believe in overcoming kidney trouble while it is only trouble.

ington in a house just across the street from the theater. Booth, pursued from the theater, finally took refuge in a barn, which was set on fire, and was shot and killed by a sergeant when he tried to escape.

A dispatch from Lafayette, Ind., a civil war veteran, who was present in Ford's theater at the time Lincoln was shot, occupying a seat on the front row not far from Lincoln's box. Mr. Hershey places a new version on the incident surrounding the shooting of Lincoln.

He says in his interview that Booth dropped only two feet in reaching the stage from Lincoln's box, which is contrary to the common conception of the movements of Booth immediately after he fired the fatal shot. The civil war veteran says that the picture of Booth leaping from Lincoln's box is purely imaginary.

TO DISCUSS ROBERT BURNS

Mrs. D. C. Brown Will Also Explain Glasgow Municipal Ownership.

A subject of great interest, "The Burns Country," will be discussed by Mrs. Demarchus C. Brown of Indianapolis in her last lecture before the local class at the Graham school building assembly room next Monday evening at seven-thirty o'clock. The first part of the lecture will be devoted to an analysis of Robert Burns and the latter half to an explanation of Glasgow's municipal ownership. This will be an extra lecture to members of the class, who can gain admission with their tickets. Others may be admitted by paying fifteen cents at the door. Mrs. Brown's lectures have been very popular as well as profitable. It is hoped the whole class will greet Mrs. Brown at her last appearance here.

HOW RUSHVILLE MAN CURED HIS BACKACHE

Points the Way, in Letter, to All Who Suffer as He Did.

Mr. Harry Carel of 609 West Ninth street, Rushville, Ind., says: "My back nearly killed me." I suffered continually with sharp, shooting pains. I could not raise up and when I stooped, you would think I was being killed—I would scream aloud. My kidneys were in a highly congested condition and bothered me a great deal at night. I thought I would never get relief as I tried most everything. Finally Lloyd's Kidney and Rheumatism Tablets came to my attention. I had heard that Lloyd's was a new scientific prescription and a sure cure. After taking them only a short time, I found the pain had left me entirely and now after a few weeks I am glad to say that I am entirely relieved. I can not recommend Lloyd's too highly. Certainly cured me of a long-standing case."

CHANCE TO GET SOME STATUARY

President Moore Writes That Ornamental Display at Exposition Will be Available.

FOR ANY CITIES IN COUNTRY

Many Places Where it Might be Used to Advantage in This City—Letter Reproduced.

That any city in Indiana may get some of the beautiful statuary from the Panama-Pacific exposition at San Francisco is the information contained in a form letter sent out by Charles C. Moore president of the Exposition company. It is believed that the first cities to make application for the statuary will be the successful ones.

The letter points out that, while the statuary is not of marble, it is of such material that it will last for considerable time and would be highly decorative. There are many places where such ornaments could be placed to advantage in Rushville. The letter sent out by President Moore says:

"In recognition of the participation of your state in the Panama-Pacific international exposition, and believing that your city might desire to possess some permanent memorial of the great celebration of the American people, I am writing you in regard to the disposal of the exposition statuary after the exposition is over.

"The beauty of the statuary is so impressive that it would be a misfortune if the artistic and educational advantages resulting from these productions of American sculptors should not be a source of permanent enjoyment to the American people. The statuary has been designed to suit the spirit of the celebration, and is the product of some of the foremost American sculptors.

"For decorative purposes in the parks and public buildings of this and other California cities various groups of this statuary will be used, and I am writing to you to ask if your city is interested in securing any of these groups. While we cannot at this time make any definite promises, as the local demand must of course be met first, we wish to ascertain where statuary is desired.

"If this interests you, and there is any one here whom you would like to designate to represent you in conferring with us, we will advise him fully and he could then make a report to you in regard to what statuary might be secured.

"Whatever statuary is furnished American cities will, of course, be given gratuitously with the compliments of the exposition and in the interests of artistic education.

"The statuary is not done in marble, but it is very dense, tough material representing marble, and if given a little care, will retain its beauty undiminished for a long time.

"Hoping to hear from you at an early date, I am,

Very truly yours, "CHARLES C. MOORE, President."

Rushville People Praise Simple Mixture

Many in Rushville praise the simple mixture of buckthorn bark, glycerine, etc., known as Adler-ika. This remedy is the most THOROUGH bowel cleanser ever sold being even used successfully in appendicitis. ONE SPOONFUL relieves almost ANY CASE of constipation, sour or gassy stomach. ONE MINUTE after you take it the gasses rumble and pass out. Adler-ika cannot gripe and the INSTANT action is surprising. F. E. Wolcott, druggist. (Advertisement.)

LET'S GET TOGETHER ON THIS SILO SITUATION

I want to talk to every farmer around here who is planning on building a Silo this year. I can help you choose the kind of a Silo you need to feed your stock. According to my way of thinking, there is just one real silo made—and that's the SAGINAW SAGINAW SILOS are Steel-built. They stand up against wind storms. They are air tight. They give sweet, clean succulent silage all the way through. A SAGINAW SILO will bring you more profit on the farm. By all means let me tell you about the SAGINAW SILO before you decide on a Silo. Let's get together.

REPORTS TODAY ARE CONFLICTING

Russians Assert Germans Are Blowing up Tunnels Through Pass in Order to Retreat.

BERLIN'S JUST OPPOSITE

Assert Russians Are Exhausted and Pressure on Austro-German Line Nearly Ceased.

BY ED L. KEEN.
(U. P. Staff Correspondent.)

London, April 15.—Sharply conflicting reports regarding the progress of the great Carpathian Pass battles came from Petrograd and Berlin today. Petrograd announced that the Germans are blowing up the railway tunnels through the Uzok Pass in preparation for a retreat. An official statement issued at Berlin this afternoon declared that the Russians have been badly beaten and checked at every point in the attempted invasion of Hungary.

"The Russians are exhausted," announced Berlin. "Their attacks have grown steadily weaker in the past few days, until the pressure on the Austro-German lines has almost ceased."

"The Russian attempt to use the Przemysl siege army to force an invasion of Hungary has failed," was the positive statement made at Berlin.

"The enemy's efforts to break into Hungary by way of the Lupkow Saddle east of Dukla Pass has been blocked since the Russian attack was definitely stopped. The Russians, therefore, attacked to the east. They were repulsed with heavy losses."

On the other hand, Petrograd today asserted that the battle for possession of the Uzok railway and pass is proceeding with great fury.

ORGANIZE PRESS BUREAU

Students at DePauw Form Association for Getting Publicity

(By United Press.)

Greencastle, Ind., April 15.—Realizing the power of advertising and the "magic of the oft repeated name" students of DePauw university have established a sure-enough press bureau and have adopted the methods of the publicity agent. The idea is to place DePauw before the public in an interesting and instructive way. The members of the Press Club have adopted the title "Old Gold Bureau" and the slogan "My News Nose Works While You Sneeze."

Incidentally, many of these wide-awake youths intend to enter the newspaper field upon graduation.

Beautiful, New, Sheer, Summery Waists in both long and short sleeve models—and just the most extraordinary values—will go on sale tomorrow.

The length of the sleeves in a Waist is merely a matter of comfort and not at all a question of style. Some women prefer long sleeves and some short, and all are equally correct. We have both kinds in styles that are pretty, attractive and appealing, in Wirthmor Waists for only one dollar, on up at the various prices. Because of the comprehensiveness of our stocks, the variety and distinctiveness of our styles and the unusualness of the value that always obtain here, our Waist Department has quite generally come to be regarded as the one best place to satisfy Waist wants.

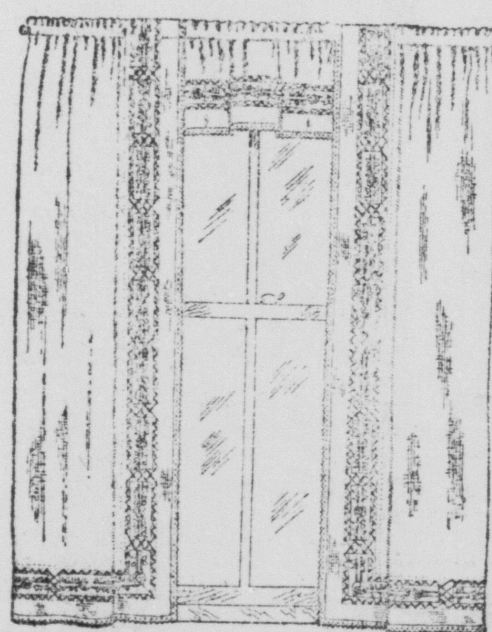

Tomorrow we will place on sale four unusually pretty models in the ever desirable Wirthmor Waists. As always these Waists are just \$1.00, and always they are worth much more. Wirthmor Waists are sold here and here only.

LINCOLN DIED FIFTY YEARS AGO

Flags Are at Half-Mast Today in
Memory of Emancipator, Who
Was Shot April 14, 1865.

EXPIRED DAY FOLLOWING

Postmaster Receives no Orders to
Close Postoffice—Hooser Eye-
witness to Tragedy.

Fifty years ago today President
Lincoln died in an obscure house in
Washington, across the street from
Ford's theater, from the effects of a
revolver bullet wound in his head,
suffered while attending the play,
"Our American Cousin," a little af-
ter ten o'clock on the night of April
14, 1865.

President Wilson has asked that
the anniversary of his death be re-
cognized and observed in all parts
of the United States. Flags were
prominently displayed here today.
The Stars and Stripes were at half-
mast on the court house. The
president, in his executive order,
requested that the flag be displayed
at half-mast on all federal buildings
and at all forts and military posts,
and on all vessels of the United
States, and in addition that the ex-
ecutive offices of the United States
be closed.

Newspaper dispatches from
Washington said that holiday hours
would be observed as far as practi-
cable in the postoffices of the United
States today, in memory of the
emancipator's death. It was stated
that Postmaster General Barlow
had ordered that all postoffices
close at least a part of the day.

Postmaster G. P. Hunt this morn-
ing said that he had not received
any orders from Washington to close
the postoffice either all or a part of
the day.

George Young today recalled the
time when Lincoln's body lay in
state in Indianapolis while it was
being taken from Washington to
Springfield, Illinois for burial. Mr.
Young and a number of other Rush-
ville people went to Indianapolis to
see all that was mortal of the em-
ancipator. Mr. Young at that time
was eighteen years of age.

He says the crowd formed in line
over a mile long and the people were
hurried past the bier so fast that
Mr. Young got nothing more than a
glimpse of the president. He went
back to the end of the line and pa-
tiently waited to get another view
of the corpse. He distinctly recalls
the mark on Lincoln's forehead
when the bullet came out, after pass-
ing through his brain.

Mr. Young says that while he was
in line some one in the
crowd yelled: "Hurrah for
Jeff Davis," and the crowd straight-
way put a rope around that indi-
vidual's neck and hung him on the
streets of Indianapolis. Mr. Young's
oldest brother was in Ford's theater
the night Lincoln was shot.

The incidents surrounding the fa-
tal shooting of Lincoln are well re-
membered by persons who were liv-
ing at that time. Just before the
close of the play in Washington, on
the evening of April 14, 1865, a lit-
tle past ten o'clock, John Wilkes
Booth, an actor, entered the presi-
dent's box, closed and fastened the
door behind him, and, with a pistol
in one hand and a dagger in the oth-
er, he rested the former on the back
of the chair occupied by the presi-
dent and shot him. The ball entered
behind his ear, passing through his
brain, and lodged near one of his
eyes. The president lingered until
the following day (fifty years ago
today), passing away in the pres-
ence of distinguished men of Wash-
ington.

RELEASED ON \$500 BOND

Herbert Hall of Milroy Will be Tried
in Circuit Court.

Herbert Hall, of Milroy, who was
arrested yesterday on the charge of
issuing a fraudulent check to the
firm of Meek and Spillman, was re-
leased under bond in the sum of
\$500. William E. Foster went on
the bond. Hall is alleged to have
given a check to Meek and Spillman
for \$3 without first having the nec-
essary funds in the bank. He was
arrested by Sheriff Cavitt and
brought here yesterday afternoon.
The case has not been set for trial.

RAYMOND PERKINS DIES EARLY TODAY

Young Man Who Has Been ill for
Some Time With Tuberculosis
of Bowels Expires at 19 Years

FUNERAL WILL BE SATURDAY

Raymond Perkins, 19 years old,
son of Mr. and Mrs. Walter Perkins
died this morning at four o'clock at
their home, 221 North Hannah street.
He had been ill for a long time suf-
fering from tuberculosis of the
bowels and his death had been ex-
pected. He was a well known young
man and his death comes as a shock
to a large circle of friends. For the
past several years he was employed
in the offices of the Indianapolis and
Cincinnati Traction company here.

He is survived by his parents, and
two brothers, Harold and Lamorne.
The funeral services will be conduct-
ed Saturday afternoon at two
o'clock at the residence by the Rev.
D. Ira Lambert. Burial will take
place in East Hill cemetery.

CLUB WOMEN ASKED TO OBSERVE DAY

Federated Clubs of County Issue
Statement Concerning Peace
Day to be Celebrated May 18

DISTRICT CONVENTION NEAR

Calling attention to Peace day
May 18 and the approaching con-
vention of the Sixth District Fed-
eration of Women's Clubs today is-
sued the following statement head-
ed "Official Club News":

"May 18 is Peace day and the
Federated Club Women of Indiana
are asked to observe this day. Miss
Vida Newsom, president of the State
Federation, urges the observance of
Peace day and emphasizes the duty
of clubs toward the endowment fund,
and calls attention to the council of
the General Federation to be held in
Portland, Oregon, May 31, June 3.

"Let us bear in mind, Federated
Clubs of Rush county, the time for
the district convention is drawing
near. May 20 and 21 are the dates,
and let us be ready with a rousing
welcome for the clubs of our dis-
trict.

"The aim this year is one hun-
dred new clubs in the State Federa-
tion. Let us not forget to do our
part in bringing all the unfederat-
ed clubs in our city and county into
the federation."

The Rush County flour mill has
purchased a new motor truck and is
using it for delivering.

SUPPLEMENTS A FORMER ARTICLE

A. A. Miller of Indianapolis Write
That James E. Watson Should
be Republican Candidate.

ADDS TO WHAT A. O. MAIN SAID

Declares Party Which Mr. Watson
Represents Has Done More For
Laboring Man Than Any Other.

Since discussing Socialism before
the Indiana Board of Trade recently
James E. Watson of this city has
been criticized by some Indianapolis
Socialists, in articles contributed to
Indianapolis newspapers, but many
of Mr. Watson's friends have replied
to his critics by the same means.

The other day a long article by A.
O. Main of Indianapolis, defending
Mr. Watson's attitude toward So-
cialism, appeared in the Indianapo-
lis Star, and today A. A. Miller,
giving his address as Indianapolis,
supplements Mr. Main's remarks in
a contribution to The Star.

He pays tribute to the Rushville
man as an orator and adds that the
Republican party would do well to
make him its standard bearer "to
lead us to a sweeping victory in
1916." His article follows:

I have read with much interest an
article in Tuesday's Star by A. O.
Main and want to add a word or two
to what he has written.

He speaks of a certain man say-
ing: "It was an easy matter for Mr.
Watson to speak against Socialism
to an assemblage such as he had
before him" at the Board of Trade.

I want to add that it is an easy
matter for the Hon. James E. Wat-
son to speak to any kind of an as-
semblage on any topic, at any time,
at any place, whether they be mil-
lionaires or day laborers (with or
without employment) if called upon
at a moment's notice, and he "will
get away with it."

The party which Mr. Watson rep-
resents has done more for the work-
ingman than any other political
party, and we will do well if we
name him as our candidate to lead
us to a sweeping victory in 1916.

DISCUSSION FRIDAY NIGHT

Sixth District High School League
Will Meet Here.

The general public is invited to at-
tend the annual contest of the High
School Sixth District Discussion
League at the Graham school build-
ing tomorrow night at seven-thirty
o'clock. The high schools of New-
castle, Richmond and Charlottesville
will be the only ones represent-
ed. Rushville had a representative
last year, when Richmond won. The
contest was held here last year also.
The theme tomorrow night will be,
"The Improvement of County Gov-
ernment." An admission fee of ten
cents will be charged to pay local
expenses.

NOT ARRAIGNED TODAY.

(By United Press.)
Muncie, Ind., April 15.—Mayor
Rollin H. Bunch and other officials
who were indicted by the Delaware
county grand jury, charged with
malfeasance in office and other
crimes, were not arraigned owing to
the illness of an attorney for the
defendants. They probably will be
arraigned Monday.

SCHOOL CENSUS IS BEING TAKEN

Enumerators Begin in Rush County
School Corporation and Must
Finish by April 30.

BASIS FOR APPORTIONMENT

Important That All Persons Between
Six and Twenty-one Years be
Listed—Tuition Fund.

The task of enumerating all child-
ren of school age in Rush county has
been started and must be completed
under the law, by the thirtieth of
April. The enumeration is taken
separately in each township and
school corporation and the results
are filed with the county superin-
tendent of schools, who compiles the
report and forwards it to the state
superintendent of public instruction.

The township trustees are respon-
sible for the enumeration in their
townships and in the school corpo-
rations, it is the duty of the school
board. In some instances the town-
ship trustees do the work and re-
ceive the two dollars a day extra for
the work.

Ed J. B. Kinsinger, a member of
the Rushville school board, has the
enumeration in charge in Rushville.
He has employed Mrs. W. O. Headlee
who will try to complete the work in
the required time. If she finds this
impossible, an assistant will be em-
ployed.

In taking this census not only
children who are in school are enu-
merated but all persons between
the ages of six and twenty-one
years are listed.

It is very important that the enu-
meration be as complete as pos-
sible for upon it is based the amount
of money that will be received from
the state school fund for the vari-
ous corporations. The distribution
is made according to the number of
persons of school age and the re-
ceipts are placed in the tuition fund.
This fund is used to pay teachers'
salaries. In each school corpora-
tion there are at least two funds, the
tuition fund and the general fund.
The latter is raised by taxation and
is used for all incidental expenses in
maintaining the schools. However,
part of the teachers' salaries may
be taken from the general fund when
the tuition fund is not sufficient.

The money that is raised for the
tuition fund is not a burden upon
the taxpayers as it comes from a
special state fund. The interest
from the fund is apportioned annu-
ally to the various school corpora-
tions according to the enumeration.
It is important, therefore, that ev-
ery person of school age be enumer-
ated for the larger the enumeration
the greater will be the sum received
from the state.

The residents are reminded by the
school authorities that the enumera-
tion includes all persons between
the age of six and twenty-one years
regardless of whether or not they are
in school at this time. Residents are
asked to assist the enumerators in
whatever way they can so the cen-
sus may be complete.

Last year the enumeration showed
a substantial gain over the year pre-
vious and as a result, Rushville re-
ceived a larger amount of money to
be used for school purposes. It is
hoped that another gain will be
shown this year.

Rushville and Carthage are sepa-
rate school corporation, each enum-
eration will be kept separate so the
funds can be distributed accord-
ingly. Each township is also a sepa-
rate corporation under the school
law. The school boards and town-
ship trustees are required to file the
names of the enumerators with the
county superintendent.

ANNOUNCES HE RESIGNED

Dennis Shea Will Also Withdraw
Request For Writ of Error.

(By United Press.)
Indianapolis, Ind., April 15.—At-
torney Percy Williams for Dennis
Shea, sheriff of Vigo county today
announced that Shea had formally
resigned. He said that Shea would
appear in federal court today or to-
morrow and ask that his name be
withdrawn from the list of those ap-
plying for a writ of error and that
he be sent to Leavenworth and to
serve his term of five years for con-
spiring to corrupt the election in
Terre Haute. He also was fined
\$1,000.

ROBBERS ESCAPE WITH 10 LOADS SILK

Daring hold-up in True Western
Style is Pulled Off Near San-
born, N. Y. Today

THIS TIME IT IS A FREIGHT

(By United Press.)
Buffalo, N. Y., April 15.—Twenty
masked robbers early today held up
in true western style a New York
Central fast freight train near San-
born, Niagara county, and escaped
with ten auto truck loads of valuable
silks. The train was from Boston,
bound for Chicago, via the Michigan
Central at Niagara Falls.

The daring of Engineer Morris
Goss in cutting out his engine under
fire and running into Suspension
Bridge for help prevented more ex-
pensive robbery.

DUDLEY BRAMEL IS DEAD AT CARTHAGE

Well Known Resident Passes Away
After an Illness of Two Years
From Tuberculosis.

BURIAL TO BE IN EAST HILL

Dudley Bramel, 65 years old, a
well known resident of Carthage,
died this morning at seven o'clock
at his home there following an ill-
ness of two years from tuberculosis.
Mr. Bramel had been in a critical
condition for some time and his
death was not unexpected. He had
resided in Carthage for a number of
years and was well known through-
out the northern part of the county.
Mr. Bramel is survived by his wi-
dow and several children. The fun-
eral services will be conducted Sat-
urday morning at ten o'clock at the
late residence by the Rev. M. Ster-
ret. Burial will take place in East
Hill cemetery.

ALSO TRIED TO SINK TUG

Zeppelin Airship Which Bombarded
11 Towns Made a Failure.

Newcastle, Eng., April 15.—The
Zeppelin airship that bombarded
eleven towns near here last night
tried to sink the tug Jupiter, accord-
ing to its captain. The tug put in at
Blythe. The captain said the air-
ships made for the tug and that
while its crew was trying to put over
its side a large bag, the tug turned
and fled. The airship finally gave
up the chase.

COURT REFUSES TO REDUCE BONDS

Judge Kohlsaat Denies Petition of
Convicted Terre Haute Election
Conspirators Today.

SAID BONDS ARE PROHIBITIVE

Declaring Crimes to be "Most Hein-
ious," Court Does Not Think
They Are Too Large.

(By United Press.)
Chicago, April 15.—Judge C. C.
Kohlsaat in United States circuit
court of appeals here today refused
to grant the petition of convicted
Terre Haute election conspirators
for the reduction of the bond under
which they are held in the Marion in
the Marion county jail on the orders
of Judge A. B. Anderson.

The petition was presented by F.
S. Roby and former United States
Senator A. J. Hopkins. They argued
that the cumulative amount which
some of the convicted men must fur-
nish as bond in exchange for liberty
pending the hearing on a writ of er-
ror was prohibitive. Judge Ander-
son had fixed bonds at \$10,000 for
each year the defendants were sen-
tenced, as was the case in the dynam-
iters' trial. In the case of Mayor
Donn Roberts the amount of bond
would total more than \$70,000, in-
cluding the amount to cover the
costs of the case.

Judge Kohlsaat suggested that
Roby go before Judge Anderson,
explain that the bond was prohibi-
tive and ask its reduction. He also
declared he did not believe it right
to ask bondsmen to stand liable for
the payment of fines. Judge Ander-
son will be asked to revert himself
on this ruling. Ex-senator Hopkins
said:

Declaring the crimes for which the
Terre Haute officials were convicted
the "most heinous" in the category,
Judge Kohlsaat said he did not think
the \$10,000 per year too large.

Answering the statement of Judge
Roby that Roberts and other defend-
ants were reputable citizens, Dis-
trict Attorney Dailey said they
"were not respectable but wholly
disreputable." Dailey told Judge
Kohlsaat if he granted the petition
"over Judge Anderson's head" it
would be insult to the inferior court.

The members of the Wi-Hub club
were entertained last night by Dr.
and Mrs. C. H. Parsons.

The New Colors For Spring

The new colors for Spring are
unusually interesting because
they reflect to a certain degree
American development.

Hitherto color ideas usually
came from Paris and the dye
stuffs from Germany.

While neither the import of
color cards or dyes has been
shut off—the output has been
limited.

In some instances America
has actually originated her own
shades and made the dyes.
Thoughtful business men will
see conspicuous development in
this.

The Spring styles will be of
more than passing interest.

The news of style headquar-
ters is flashed from day to day
in the advertising columns of
The Daily Republican.

Not to read the advertising is
paper.

Candidate for Senate

The Daily Republican is in receipt of a letter from an organization styling itself the "Olds Senatorial Committee" through its chairman, Henry G. Hogan, announcing that Judge Walter Olds of Fort Wayne is a candidate for the Republican nomination for the United States senate from Indiana. Enclosed with the announcement are several editorial clippings consisting of comments by the press of northern Indiana. The Olds boosters comment on the fact that his candidacy has been well received everywhere and that the Democratic press has spoken kindly of him. Typical of these comments is the following from the Fort Wayne Sentinel:

Voters of the Twelfth district, irrespective of party, will note with uncommon interest the announcement that Judge Walter Olds of Fort Wayne, will seek the republican nomination for United States Senator from Indiana next year. And the Republicans of Indiana will do well to give the candidacy of Judge Olds a serious consideration. He is a lawyer of exceptional attainments, a jurist of wide experience, a former judge of the Indiana supreme court, a veteran soldier and a gentleman of unquestioned high standing. He has always been "regular" as a party man and enjoys in politics the same full measure of confidence that he commands as a citizen. Doubtless there will be a considerable number of other aspirants for the honor, but Judge Olds will be found the peer of any of them. It is significant too, that the younger element of his party locally is enthusiastically behind the candidacy of Judge Olds.

What Our Neighbors Are Talking About

Changing Out Diet.

(Mancie Press.)

The country is saved. For a time there was some doubt about it but the aged and good Saturday Evening Post has finally come forth with the information on which rests the future stability of the nation.

The good Post, which was one of the magazines, high browed in intellect but cheap in price, which promised for its readers a golden age when the iniquitous high protective tariff was done away with. Living was to become cheaper for the laboring man without lowering his income and everyone was to be so happy that the miscreant who dared to suggest a return to protective tariff would be hanged higher than the Post's advertising rates.

Well things didn't turn out just as the Post anticipated but the good old periodical is still on hand with sound advice for the public coming nearly bound in weekly installments. In a recent issue the Post tells us editorially that apparently the only way you can change a man's or a nation's dietary habits is to break him of it, and that a change of diet is becoming necessary for the United States. The inference is, of course, that both the nation and the individual are now broke, and this time the Post has come dangerously near the truth.

After commenting on the high price of flour the Post assures us that of course there will be no shortage of food in the United States. That is some kinds of food. Ger-

many, which is on war rations, is held up as an example to follow. By blending wheat flour and corn flour the Post tells us, we can get a fine article of food and potato flour is not so bad, as the Germans have proved. Wheat flour and beefsteak, we are told, are among the best of foods, but substitutes may be easily found if these get too high.

Surely there are cheap substitutes. Perhaps in the future the good editor will give us in the Post or its sister publication, the Ladies' Home Journal, some recipes for—say: Birth bark boullion, crawfish salad, acorn patties, French fried sawdust, scrambled limestone, phy-chology on the half shell, pebbles on toast, ragweed relish, pokcherry juice a la Bryan, and creamed catnip Underwood style. A good practical method for taking the strong taste out of Indiana turnip, or of extracting the milk from milkweed might also be quite apropos.

These little hints are submitted quite sincerely for the following reasons:

In the present condition of the average American worker, when as the Post practically admits, both the man and the nation are broke, it would be just as difficult to buy corn meal and potato flour without cash as to purchase the very best Duluth double bolted, white as snow brand of pure wheat flour.

The French have a proverb which asserts that to the pure all things are pure. Just so, to the man who is broke all things of value are out of reach. If potato flour were selling at a penny a pound, the man who is out of money couldn't buy enough to powder his nose.

What we need at present is not the suggestion that palatable cake can be made of corn cobs, but an industrial revival which will give every man in the country a fair chance to earn enough real wheat bread and beef-steak to feed his family.

HOOSIER HISTORY

(Prepared by the United Press by Records in the State Library.)

With the United States and Mexico under strained relations the story of what Indiana's part was in the Mexican war is timely. The state responded readily to Governor Whitcomb's call for volunteers, which was issued May 22, 1846. Three regiments were asked for. In 1846 Indiana's population was scattered. It was approximately 800,000. Indianapolis had only 6,500 inhabitants. The ideals of the people were peace. They were building a commonwealth. Forests were to be cut down, roads were to be built. Nevertheless, the regiments were raised in a few weeks.

During the civil war Indiana soldiers did real fighting. In all, 151 regiments were enlisted, making a total of 208,367 soldiers in infantry, cavalry and artillery. These different commands saw service in nearly every department in Virginia on the South Atlantic coast, at Mobile, in Texas, Louisiana, Arkansas, at Shiloh, Vicksburg, Chattanooga, Atlanta, the March to the Sea and wherever orders called for men. The private soldiers were the men who did the work and fought the battles. They are not forgotten.

WAR ODDITIES

(By United Press.)

London—A Britisher military handsman who suffered aphasia when buried by a shell explosion at Ypres recovered his memory by reading a sheet of music placed on his bed.

Batavia — The commander-in-chief of the army in the Dutch Indies has forbidden bands to play "Its a Long Way to Tipperary."

Copenhagen—A report from Berlin declared the United States Consul-General had ordered menus from all Munich restaurants to send to America to disprove German starvation newspaper reports printed them.

London—A British "Tommy" writing from the trenches in France thanked a London newspaper for sending cigarettes and added: "The French 'fags' (cigarettes) are simply awful!"

Amsterdam—A Dutch newspaper

correspondent wrote a letter to a friend in Liege, Belgium, German post authorities returned it inscribed: "Liege unknown. Correct address: Lutlich, Prussia, Germany." This is the new German name for "Liege."

Berne—The Swiss watch and clock industry has suffered a loss of \$15,000,000 in revenues since the beginning of the European war.

Newcastle-on Tyne — Fourteen thousand Northumberland miners are now wearing the British uniform leaving the coal mines to take care of themselves.

Amsterdam—British soldiers interned at Groningen gave such a creditable vaudeville performance for the benefit of companions that they were asked to appear at the municipal theatre. The "debut" was a hit.

London—A cotton material known as "Joffre" is a popular spring fabric in England and a favorite color is "Petrograd blue."

London—A facetious employe of the London office of public records decorated the office cat with a German iron cross which has been brought from one of the battlefields.

Berlin—Berlin newspapers suggest that there are 20000,000 pigs in Germany who are robbing the people of their food and urges the government to kill and pickle them.

Amsterdam—A German newspaper advertising for a news editor stated that owing to war and the depleted condition of the staff the editor's hours would necessarily be from 4 a. m. to 10 p. m.

Daily Republican, by Virtue of Being United Press Newspaper, Has a Leased Wire

TO GET NEWS EVENTS DIRECT

(By United Press.)

San Francisco, April 15.—The United Press leased wire system was today connected directly with the press building of the Panama-Pacific Exposition that puts the editorial rooms of the Daily Republican in constant communication with the fairgrounds.

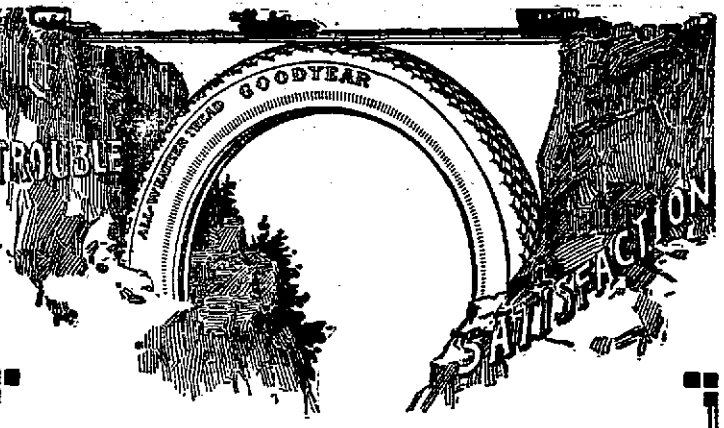

Over this wire United Press reporters in the fair grounds will send reports of conventions and other news events directly to the Daily Republican editorial rooms. Visiting newspaper men at the fair will be provided with United Press bulletins on the news of the world posted in press headquarters and in the press club.

Readers of United Press papers will find their regular news service in evidence at the exposition as it is published daily in the leading San Francisco papers and they may communicate with their home papers by making themselves known to the United Press representatives at the press building.

RUSHVILLE PLAYS ALL-PROS SUNDAY

Manager Davidson Will Lead Them
Against Jack Benny's Bunch
at Cincinnati.

TEAM ROUNDING INTO FORM

The Rushville team will get in action again Sunday this time playing the All-Pros at Cincinnati. The All-Pros have one of the fastest teams in Cincinnati and Rushville will face a hard game. With this contest out of the way the Rushville bunch should be in good shape for the big opening game here on April 25, with the Perkins-Campbell team.

Several local fans being unable to wait for the opening game will go to Cincinnati Sunday to see the team in action and get a line on the players. Manager Davidson will use Vordenburg in the box Sunday and believes he will beat the All-Pros. The All-Pros are playing this year at the old Hippodrome park and are headed by Jack Benny, known as the Hughie Jennings of the semi-pros.

AN OLD RECIPE "TO DARKEN HAIR"

Common garden Sage and Sulphur makes streaked, faded or gray hair dark and glossy at once.

Almost everyone knows that Sage Tea and Sulphur, properly compounded, brings back the natural color and lustre to the hair when faded, streaked or gray; also ends dandruff, itching scalp and stops falling hair. Years ago the only way to get this mixture was to make it at home, which is messy and troublesome.

Nowadays we simply ask at any drug store for "Wyeth's Sage and Sulphur Compound." You will get a large bottle for about 50 cents. Everybody use this old, famous recipe, because no one can possibly tell that you darkened your hair, as it does it so naturally and evenly. You dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time; by morning the gray hair disappears, and after another application or two, your hair becomes beautifully dark, thick and glossy and you look years younger.

A.A. IS STRONGER THAN LAST YEAR

Got Away to go Start Today Following on Heels of National and American Leagues

FED RIVALRY AT KANSAS CITY

Long Distance Pool Room Recreation Ends in East With Opening of Havre De Grace Track

BY HAL SHERIDAN
(Written for United Press.)

New York, Apr. 15.—Another baseball league today made its 1915 bow for public favor. The American Association got under way today. On the heels of the National and American League debuts of yesterday.

Although harassed by the Feds to some extent, the Association was regarded as much stronger than last year. The strongest Fed rivalry was at Kansas City, although the Kaw-feds lost money last year.

The Association's opening games today were: Louisville at Columbus, Indianapolis at Cleveland, Minneapolis at Milwaukee and St. Paul at Kansas City.

The Milwaukee brewers, 1914 champions, were again picked to be one, two and three this year. Mike Caullion's Millers were also much strengthened.

The situation at Indianapolis was improved over last year, when the Fed team there won the pennant and then was transferred to Newark. The Louisville Colonels were generally picked as the runners-up in the opening race, with the Saints again picked to fight out the cellar championship with Kansas City or Cleveland.

Instead of long distance pool room recreation, eastern race fans will today get their first glimpse of paddock and betting ring when the northern spring racing season opens at the Havre De Grace track. An unusually stellar string of horses is entered for the big stakes, which are making the Havre De Grace track of Baltimore and Washington are more popular annually. Horsey folk particularly strong for the Havre De Grace course and excursion trains from both cities are generally crowded.

CAPT. ROWAN WILL RETURN

Start Football Player Likely to Re-enter DePauw

(By United Press.)

Greencastle, Ind., April 15.—College football fans attending DePauw University who saddened when they were informed that Captain-elect "Hank" Rowan, had withdrawn from the university and would leave within a week for Copper Bluffs, Ontario, Canada, where he will resume duties with the Canadian Copper Company. The tears were wiped away when it was learned later that Captain Rowan would probably return next fall to lead the DePauw football team.

FEDS' MAGNATES CELEBRATE.

Newark, N. J., April 15.—Entry of the Federal League into Newark will be celebrated tonight at a popular "dollar dinner" on the eve of the opening game tomorrow of the new Fed Park. Billy Sunday was invited to make a speech.

STOCK QUARANTINE MODIFIED.

Dallas, Tex., April 15.—The quarantine against the world adopted a few months ago by Texas to protect this state from the introduction of the foot and mouth disease was slackened partly today. Interchange of cattle without quarantine restrictions was permitted between Texas, Arizona, New Mexico and Colorado, in accordance with an agreement entered into by representatives of these states at the recent American Live Stock Association convention in San Francisco.

Hupmobile

CAR OF THE AMERICAN FAMILY

Ask the Hupmobile Dealer

Ask him why he continues to sell the Hupmobile year after year.

He will tell you: "Because the Hupmobile grows better year after year."

He is not afraid to meet any man to whom he has sold a Hupmobile.

His customers last year, are his customers this year.

And better than that—they are his friends, as well as his customers.

They go out of their way to help him make Hupmobile sales.

From twenty-five to fifty per cent of his new buyers, come, he will tell you, from the recommendations of old friends.

He does not hesitate to refer to them—they do not hesitate to endorse the Hupmobile.

Do you know of another car of which this is so widely, so enthusiastically, true?

Where the average man buys one car, the Hupmobile dealer buys scores, or even hundreds.

He pays his money for these cars, the same as you pay for yours.

He had to be sold on the Hupmobile before he would make this investment, the same as you have to be sold.

The Hupmobile dealer, naturally, is prejudiced in favor of the Hupmobile.

But isn't that very prejudice—that extreme enthusiasm—the strongest endorsement you could ask?

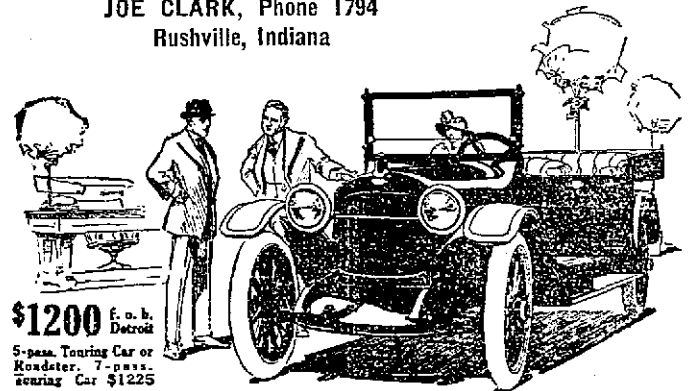

If he has held the friendship of his Hupmobile owners through all these years, he will hold your friendship, too.

What is true of Hupmobile dealers generally is true of us. Let us show you the 1915 Hupmobile.

OF WILD HORSE

War Promised to Mark Final Passing of the Broncho From the Western Ranges

THOUSANDS BEING SHIPPED

Several Million Dollars Have Been Spent and the Demand is Still Very Strong

(By United Press.)

Denver, Apr. 15.—The European war promises to mark the final passing of the wild horse of the range the disappearance of the bucking bronco so long associated with the West.

Even now there are practically no wild horses such as one roamed the ranges and with the inroads being made upon the horses of the West by the war, his half-civilized brother, the bronco, promises to disappear. Thousands of horses have been taken from Colorado, Wyoming and other western states. Not only have British and French buyers invaded this section, but representatives of the Italian government have combed the country for mounts. During the last few weeks an Italian buyer purchased several hundred horses and so great was his haste to get them to his home country that they were sent by Express from Denver to the East instead of by freight. There they were to be hurried abroad a steamer for Italy.

Several million dollars have been spent for these horses for war purposes. The greatest demand of course, is for stout, sound horses capable of work as cavalry mounts or for artillery. The entire country has been gone over two or three times by buyers for different countries and still the demand has not been filled.

This draining of the west of horses means that in the rehabilitation a better breed of horse will be produced. It is this that sounds the death knell of the broncho. The government has been working for years encouraging the breeding of better horses. Stallions and mares of standard breeds draft and general purpose horses have been placed throughout the West. Their progeny are already influencing the general trend for development of the horses in the sections in which the work of the government is being centered. As the demand for horses to replace those sold for war service increases it will be animals of better breeds which will take their places.

Another factor having a great influence, is the fencing of ranches—something which was unknown in years gone by. This ended the day of the wild horse and the bronco, although given to bucking and pitching, has gradually become tamer and more domesticated.

There was a time when it was not so very difficult to find a horse in the West which no human being could ride. That day has now gone by. The last great horse of this stripe was "Steamboat" which died only this year. It is claimed that no man ever rode Steamboat legitimately. The greatest riders of the entire West tried and failed all finally being thrown in some way or other.

When the British government was purchasing horses for use in the Boer war it was necessary to employ bronco busters, who spent weeks battling with the prospective mounts for British cavalrymen, before they were conquered and sufficiently subdued to the saddle to satisfy the government agent. This year there is little evidence that the British or French are in danger of suffering casualties through encountering the American horses.

Constant association with man through the years between the Boer war and the present, instead of roaming over unfenced pains, has had its influence on the horse. The "never say die" fighting spirit of the old bronco in his struggle against the touch of leather and his intense hatred of man, because he was representative of enslavement to the saddle, has slowly flickered out. Breeding and association has brought about the inevitable. Within

a few years it will probably be hard for even a "wild west" show manager to find a western horse which will buck constantly and consistently, as though he meant it.

SUPERINTENDENT TO PAY

Teachers Not Allowed Remuneration For Holding Examinations.

A letter of much importance to every township trustee in the State has been issued by the State board of accounts and concerns the pay of teachers for holding examinations for graduation from the common schools. In the past some of the trustees have paid the teacher holding the examination the same per diem as she would receive for ordinary school work, but the Board of Accounts hold that such examination is the "county superintendents affair" and the arrangements for the compensation must be made by the superintendent. It is said that there is no special fund from which this money may be taken and it is probable that the expense will have to be borne by the superintendent himself.

LINCOLN DIED FIFTY YEARS AGO

Continued from Page 1.

ington in a house just across the street from the theater. Booth, pursued from the theater, finally took refuge in a barn, which was set on fire, and was shot and killed by a sergeant when he tried to escape.

A dispatch from Lafayette, Ind., a civil war veteran, who was present in Ford's theater at the time Lincoln was shot, occupying a seat on the front row not far from Lincoln's box. Mr. Hershey places a new version on the incident surrounding the shooting of Lincoln.

He says in his interview that Booth dropped only two feet in reaching the stage from Lincoln's box, which is contrary to the common conception of the movements of Booth immediately after he fired the fatal shot. The civil war veteran says that the picture of Booth leaping from Lincoln's box is purely imaginary.

Mr. Hershey, who was cook of a company camping at Arlington Heights, together with two comrades, slipped away from the camp the night of April 14, 1865, hearing that the president and his party would attend Ford's theater, and it proved to be a history making night.

When the tragedy had been acted, Hershey and his comrades hurried back to camp. They had barely passed the sentry when they heard and orderly approach from behind and instruct the guard at the bridge "to pass no person."

TO DISCUSS ROBERT BURNS

Mrs. D. C. Brown Will Also Explain Glasgow Municipal Ownership.

A subject of great interest, "The Burns Country," will be discussed by Mrs. Demarebus C. Brown of Indianapolis in her last lecture before the local class at the Graham school building assembly room next Monday evening at seven-thirty o'clock. The first part of the lecture will be devoted to an analysis of Robert Burns and the latter half to an explanation of Glasgow's municipal ownership. This will be an extra lecture to members of the class, who can gain admission with their tickets. Others may be admitted by paying fifteen cents at the door. Mrs. Brown's lectures have been very popular as well as profitable. It is hoped the whole class will greet Mrs. Brown at her last appearance here.

"Me for 'GETS-IT' When I Have Corns"

Simple As Saying It; Never Fails.

It does your heart good to see how easily and quickly any corn comes out when you put "GETS-IT" on! And then when you've gone along for years trying

everything, when you've sat up nights wrapping up your toes in bandages, smearing on salves that rub off or swell up the corn, pasting on cotton plasters that make corns pop out, slaughtering your toes with razors, jabbing them with knives and prying to the quick with scissors—and then you put on 2 drops of "GETS-IT" and see your corn fall right off—why, it just looks like a miracle. Just try it. "GETS-IT" never fails. No pain, no trouble. Use it for any corn, callus, wart or bunion.

"GETS-IT" is sold by druggists everywhere, 25c a bottle, or sent direct by E. Lawrence & Co., Chicago.

Sold in Rushville and recommended as the world's best corn cure by Thos. W. Lytle, Hargrove & Mullin and F. E. Wolcott.

CHANCE TO GET SOME STATUARY

President Moore Writes That Ornamental Display at Exposition Will be Available.

FOR ANY CITIES IN COUNTRY

Many Places Where it Might be Used to Advantage in This City

—Letter Reproduced.

That any city in Indiana may get some of the beautiful statuary from the Panama-Pacific exposition at San Francisco is the information contained in a form letter sent out by Charles C. Moore president of the Exposition company. It is believed that the first cities to make application for the statuary will be the successful ones.

The letter points out that, while the statuary is not of marble, it is of such material that it will last for considerable time and would be highly decorative. There are many places where such ornaments could be placed to advantage in Rushville. The letter sent out by President Moore says:

"In recognition of the participation of your state in the Panama-Pacific international exposition, and believing that your city might desire to possess some permanent memorial of the great celebration of the American people, I am writing you in regard to the disposal of the exposition statuary after the exposition is over.

"The beauty of the statuary is so impressive that it would be a misfortune if the artistic and educational advantages resulting from these productions of American sculptors should not be a source of permanent enjoyment to the American people. The statuary has been designed to suit the spirit of the celebration, and is the product of some of the foremost American sculptors.

"For decorative purposes in the parks and public buildings of this and other California cities various groups of this statuary will be used, and I am writing to you to ask if your city is interested in securing any of these groups. While we cannot at this time make any definite promises, as the local demand must of course be met first, we wish to ascertain where statuary is desired.

"If this interests you, and there is any one here whom you would like to designate to represent you in conferring with us, we will advise him fully and he could then make a report to you in regard to what statuary might be secured.

"Whatever statuary is furnished American cities will, of course, be given gratuitously with the compliments of the exposition and in the interests of artistic education.

"The statuary is not done in marble, but it is very dense, tough material representing marble, and if given a little care, will retain its beauty undiminished for a long time.

"Hoping to hear from you at an early date, I am,

Very truly yours,
"CHARLES C. MOORE,
President."

Rushville People Praise Simple Mixture

Many in Rushville praise the simple mixture of buckthorn bark, glycerine, etc., known as Adler-ika. This remedy is the most THOROUGH bowel cleanser ever sold being even used successfully in appendicitis. ONE SPOONFUL relieves almost ANY CASE of constipation, sour or gassy stomach. ONE MINUTE after you take it the gassy rumble and pass out. Adler-ika cannot gripe and the INSTANT action is surprising. F. E. Wolcott, druggist. (Advertisement.)

Beautiful, New, Sheer, Summery Waists in both long and short sleeve models—and just the most extraordinary values—will go on sale tomorrow.

The length of the sleeves in a Waist is merely a matter of comfort and not at all a question of style. Some women prefer long sleeves and some short, and all are equally correct. We have both kinds in styles that are pretty, attractive and appealing, in Wirthmor Waists for only one dollar, on up at the various prices. Because of the comprehensiveness of our stocks, the variety and distinctiveness of our styles and the unusualness of the value that always obtain here, our Waist Department has quite generally come to be regarded as the one best place to satisfy Waist wants.

Tomorrow we will place on sale four unusually pretty models in the ever desirable Wirthmor Waists. As always these Waists are just \$1.00, and always they are worth much more. Wirthmor Waists are sold here and here only.

REPORTS TODAY ARE CONFLICTING

Russians Assert Germans Are Blowing up Tunnels Through Pass in Order to Retreat.

BERLIN'S JUST OPPOSITE

Assert Russians Are Exhausted and Pressure on Austro-German Line Nearly Ceased.

BY ED L. KEEN.
(U. P. Staff Correspondent.)
London, April 15.—Sharply conflicting reports regarding the progress of the great Carpathian Pass battles came from Petrograd and Berlin today. Petrograd announced that the Germans are blowing up the railway tunnels through the Uzok Pass in preparation for a retreat. An official statement issued at Berlin this afternoon declared that the Russians have been badly beaten and checked at every point in the attempted invasion of Hungary.

"The Russians are exhausted," announced Berlin. "Their attacks have grown steadily weaker in the past few days, until the pressure on the Austro-German lines has almost ceased."

"The Russian attempt to use the Przemyśl siege army to force an invasion of Hungary has failed," was the positive statement made at Berlin.

"The enemy's efforts to break into Hungary by way of the Lupkow Saddle east of Dukla Pass has been blocked since the Russian attack was definitely stopped. The Russians, therefore, attacked to the east. They were repulsed with heavy losses."

On the other hand, Petrograd today asserted that the battle for possession of the Uzok railway and pass is proceeding with great fury.

ORGANIZE PRESS BUREAU

Students at DePauw Form Association for Getting Publicity

(By United Press.)
Greencastle, Ind., April 15.—Realizing the power of advertising and the "magic of the oft repeated name" students of DePauw university have established a sure-enough press bureau and have adopted the methods of the publicity agent. The idea is to place DePauw before the public in an interesting and instructive way. The members of the Press Club have adopted the title "Old Gold Bureau" and the slogan "My News Nose Works While You Sneeze."

Incidentally, many of these wide-awake youths intend to enter the newspaper field upon graduation.

Good Bye to "Blue Monday"

The housekeeper who owns a One Minute Power Washer may well bid farewell to Blue Monday for all time. It is so simple, so convenient, so wonderfully efficient that you wonder how you ever managed to get along without one.

It is under perfect control. You can start or stop instantly washer or wringer. You can wash a tub of clothes while wringing. You can operate either washer or wringer independent of the other, thus eliminating unnecessary wear.

The folding bench on the rear of the machine saves thousands of useless steps.

Come in and let us demonstrate its many exclusive features. I have in stock Pulleys, Shafting, Belting, Gas Engines, priced RIGHT
